From "Our Piece of Heaven":

We are a brother and sister team, who took over the campground in January of 2002. It was in total disrepair. Scott has rebuilt all the facilities and redone all the full hook-up sites.

We continue to improve the facilities, along with striving to develop a family-oriented campground. The heartbeat of our campground is our seasonal guests, who have become our extended family. We are blessed to have such wonderful people surrounding us. In addition, we have a core of returning guests that always bring a smile to our faces and have a special place in our hearts.
