From "Our Piece of Heaven":

We purchased the campground in 2002. It was in total disrepair. All of the facilities were re-built, along with all new amenities for our full hook-up sites.

We continue to improve the facilities, along with striving to develop a family-oriented campground. The heartbeat of our campground is our seasonal guests, who have become our extended family. We are blessed to have such wonderful people surrounding us. In addition, we have a core of returning guests that always bring a smile to our faces and have a special place in our hearts.
